## **SOLA International Bibliobattle Tournament 2022**

**[Topic]** Bibliobattle

**[A message from the organization committee]**

“Bibliobattle” is a book evaluation match that originated in Japan. Battlers bring their own "Fave Book" and introduce them in turn. When the presentations are finished, the audience and the competitors vote for the book that caught their attention the most and decide on the "Champion Book". In last year's SOLA, a lively match was held with fascinating books and presentations, and we would be holding a bibliobattle this year too! We would be exploring the many sides of SDGs through reading, in addition to spreading the fascination of this event. Bibliobattle also introduces you to the joy of encountering new books. It's pretty challenging to step into new genres, even on the Internet, library, or book stores. This is a place where many people bring forth their own interests and passions. Even if you're not a battler, please be welcome to join. We hope that everyone could come across great books beyond the city of Shibuya.
